

MANY HORSES WILL BE TRAINED HERE

Owners See Advantage of Wichita Track.

AT THE FAIR GROUNDS

Remarkable Record Made by Cresceus Helps City.

I say
more
cost
to
do
it

According to letters received by C. M. Irwin, president of the fair association, already word has been received from the owners and trainers of race horses who have announced their intention of bringing not less than 100 racers to Wichita during the coming winter for training at the fair grounds until the opening of next season.

At that number there will be more training on the local track than ever before at any one season. And it is said by Mr. Irwin that not near all of the horsemen who intend to bring their horses here for the present season have been heard from.

Thus far most of those who have signified their intention of shipping horses here have been men who never before had animals in training on the local track. When asked to talk on the subject, Mr. Irwin said:

"Everyone is beginning to realize what a good track we have. What a fine climate for training horses throughout the entire winter and the excellent facilities we have for caring for race horses."

About November 1 the first shipment of horses that will go in winter training will arrive from a farm at Elwood, Ill. There will be twenty head, accompanied by equally as many men, who will care for the horses while they are here.

Along about December 1 there will be another string of between twenty and thirty horses here from Delavan, Ill. These horses will be accompanied by a big string of trainers and drivers, which will, of course, also make their homes here during the winter.

J. B. Chandler, whose home is here, and who always trains horses at the fair grounds, will have a bigger string in this city during the coming season than ever before. Forty horses will be shipped here from Berlin, Wis. While some of them are youngsters, many are horses with good records, who will be finished off in training, and started in some of the biggest races of next season.

Besides the number of horses told about in the foregoing that will be here, there are between thirty and forty head owned by local horsemen that will be trained here at the same time. Then, there are, it is estimated, about fifty more that will be here, but whose owners have not yet written when they will arrive.

"Many new stalls and paddocks will be built at the grounds for the training of the horses," said Mr. Irwin, "and every preparation will be made for the caring of the horses."

It is not at all improbable but what many more new stalls, besides those already figured on, will have to be built to accommodate the many horses that will be here. As Mr. Irwin says, and as Cash Henderson has predicted all along, since Cresceus made his remarkable record on the Wichita track, the horsemen are just beginning to find what a fine place Wichita is for training purposes, and what a good track this city has.

WENT TO GENOA.

John Bisagno, an Italian, who has been visiting friends in the city for several days, left yesterday for a visit to his old home at Genoa, Italy.

Bisagno came to America nearly seven years ago. Since that time he has never returned to his native country. The trip which he started on yesterday, he expects to be absent on about six months. His home in this country is at Augusta, where he has charge of a force of men in a stone quarry. By speculation and saving his money during the years in which he has lived in the United States, Bisagno is said by his countrymen to have saved up a small fortune. Bisagno intends to have a good time on the trip to his native country and purchased first class railroad and steamship tickets at this place direct to his destination.

OWNS A WHOLE CITY.

Adolph Stern Talks About City of La Cananea, Mexico.

Adolph Stern of La Cananea, Old Mexico, who is in the city visiting his uncle, A. C. Hussey, says that Mexico would be a great country in a very short time if it could be attached to the United States.

He says the great majority of Mexicans are good, law-abiding people, but capital is needed to develop the country, and he thinks if it was a part of the United States more capital would be taken there.

He says the city of La Cananea is a mining town of about 8,000 people. Mr. W. C. Green, who owns the copper mines, also owns the entire city and refuses to sell lots. He owns the stores, saloons and about everything else, but

WICHITA WILL GET BIG FLOUR MILL

Secretary Smith Thinks Big Concern Will Come.

MEETING THIS AFTERNOON

Big Manufacturing Firm Also May Locate Here.

At a meeting of the directors of the Chamber of Commerce which is called for this afternoon at 4 o'clock arrangements will be made for the closing of a deal whereby Wichita is to get a mill with a capacity for the making of 1,000 barrels of flour daily.

"While we are not positive that the owners of the mill will come here," said Secretary Smith of the Chamber of Commerce last evening, "we have great hopes of getting them to locate here, and it is practically an assured thing that they will."

The persons desirous of installing the mill are very well pleased with Wichita as a location and unless something unforeseen occurs, the mill will come to Wichita.

In addition to the arrangements that will be made for securing the flour mill, another manufacturing concern that is desirous of making a change in location, and it is thought can be induced to come to Wichita, will be talked of at the meeting. Secretary Smith has been in communication with the firm for some time and all of its correspondence to Mr. Smith, thus far, has been very encouraging for securing the factory.

There will be several members of that concern in Wichita the latter part of the week and they will be shown over the city at that time.

At the same meeting the work of securing a right of way for the piping of gas here by the Buffalo Valley Oil and Gas company, which was given a franchise to do so some time ago, will be discussed. According to letters received recently by Secretary Smith, these gentlemen are experiencing some trouble in securing a right of way in several of the different counties, from the county commissioners. It may be that it will be necessary for the members of the Chamber of Commerce to exert their influence in having the franchise granted at the next meeting of the legislature to make that work more easy.

"While there is no doubt but what the right of way can be gotten," said Mr. Smith, "it seems that a good deal of trouble is being experienced by the people to whom the franchise was granted to secure ground for their piping. It is possible that something may have to be done in the way of making the work easier than it is at present."

The Buffalo Gas and Oil company has about forty days set in which to deposit the necessary \$5,000 with the city of Wichita to signify their good intentions of supplying the city with gas as per the price and conditions under which it was granted the franchise. The time limit for depositing the money is sixty days and it has now been about three weeks since the granting of the franchise.

While the meeting this afternoon is called for the directors, all of the members are invited to be present and offer any suggestions they may have to put before the meeting.

HAD GOOD TIME.

Lodge Gave Miniature Fair Performance Last Night.

About 400 people attended the entertainment given last night by Harmony Council No. 12 at the hall over 400 East Douglas avenue. The entertainment was advertised as a surprise to all who attended and it certainly came up to expectations.

The program opened with a piano solo by Walter Allen. A duet by Miss Burges and Scott Wilke followed and Mrs. Beck gave a recitation. Miss Adelaide Bradshaw and H. Black gave a piano and violin solo and Miss Fannie Copeland was on the program with a recitation.

Afterward the fun began. This part of the program consisted of a burlesque performance on the street fair or pike, running in full blast. The fair composed of several different attractions and everything from Bosco, who eats 'em alive, up to the merry-go-round was to be seen with a full line of spellers. Small tents contained the different attractions.

BROKE HIS WRIST.

Man Fell From Scaffold at the Toler Auditorium.

While working on a scaffold at the Toler auditorium, Saturday evening, Geo. Gage slipped and fell a considerable distance to the ground. An examination of his injuries found that the man's right wrist was broken. He was taken to his home at 312 North Wichita street. A physician, who was called, set the broken bones.

While none of Mr. Gage's injuries is serious, he will be compelled to carry his hand in a sling for some time, and it will be several weeks before he can use that arm again.

THREE MARRIAGE LICENSES.

Reverend N. E. Harmon Officiates at One Wedding.

Three marriage licenses were issued by the probate judge of Sedgewick county yesterday. Rev. N. E. Harmon officiated at one wedding at the court house. This was a union of a couple, L. L. Murphy and Estelle Douglas. Licenses were issued to Royce C. Buesenbark and Allie Brooks of Wichita, and Wesley Miller and June Rowley of Colwich.

WILL GET ADVANCE.

Rock Island Operators Receive More Money.

All of the Rock Island telegraph operators doing duty at the different stations along that line, will receive an advance of from 12 to 15 per cent in wages November 1.

There are two at this place who are affected by the increase—C. M. Jones, who is the day operator, and George Hasty, who works at night.

WILL RESIDE HERE.

St. Scott Family to Make Wichita Its Home.

Oscar M. Franklin's mother and two sisters arrived in the city last evening over the Missouri Pacific from Fort Scott. Mr. Franklin is the young night fireman at the Vienna bakery. He expects to move here from Fort Scott soon and make Wichita his home in the future.

J. T. Keith, for some time connected with the Eagle composing room, has retired from the printing business and will enter the practice of medicine in El Reno, Ok. Mr. Keith is a graduate in medicine and an expert and capable gentleman and his friends here wish him every success in his new field and profession.

WERE MARRIED SUNDAY.

Mr. William Luening and Miss Maude Harpstrite of Greenwich.

At the residence of the bride's parents, Mr. and Mrs. John Harpstrite, two miles South of Greenwich, Miss Maude Harpstrite and Mr. Wm. Luening were married Sunday. The home was decorated for the occasion and promptly at 3 o'clock Mrs. Walter P. Bolte played the wedding march. Rev. T. B. Lawrence of Greenwich officiated. The sermon was touching and impressive. It was a sweet, happy and modest little wedding. The bride wore a blue crepe de chine dress, trimmed in lace.

Mrs. Luening is the oldest daughter of Mr. and Mrs. John Harpstrite and is a very popular young lady in that vicinity. The groom is a prosperous young farmer highly respected by all who know him. His farm one mile from Greenwich, will be the couple's future home. The wedding presents were both numerous and valuable as well as useful.

Those present were: Mr. and Mrs. John Harpstrite, Mr. and Mrs. Charles Harpstrite, Mr. and Mrs. Wm. Luening, Mr. and Mrs. Ewald Jabs, Mr. and Mrs. Frank Sommers, Mr. and Mrs. Fred Bisantz, Mr. and Mrs. Wm. Meyer, Mr. and Mrs. Henry Martin, Mr. and Mrs. Walter Bolte, Mr. and Mrs. Holt, C. Bolte, Mr. and Mrs. A. H. Edley, Mr. and Mrs. Sidney Leach, Mr. and Mrs. Robert Brown, Jr. and Mrs. Easton, Mrs. Henry Bolte, and Misses Myrtle, Etta, Gertrude, Florence, Bertha and Grace Harpstrite, Misses Flora Bertha and Katherine Luening of Wellington; Mr. Ed Harpstrite, Mr. Jean Harpstrite, Mr. Sidney Sommers, Mr. S. L. Sommers, Mr. E. Harpstrite, Mr. R. L. Johnson, Mr. Henry Luening, Mr. Edgar Bolte.

Ced. Huff is confined by a bed in South Topick street with a bad case of the wrist of his left hand. The offending swelling was lanced yesterday and Mr. Huff expects to return to his desk in the Santa Fe freight office soon.

SIMPLE REMEDY FOR CATARRH.

Just Breathe Hyomei Four Times a Day and Be Cured.

If a few days ago some one had said you can cure catarrh by breathing air charged with a healing balm, the idea would have been ridiculed, and it remained for the eminent investigator, Dr. T. Root, to discover Hyomei this method of cure.

Hyomei has performed almost miraculous cures of catarrh and is today recognized by leading members of the medical profession as the only advertised remedy that can be relied upon to do just what it claims. The complete outfit of Hyomei costs but \$1.00 and consists of an inhaler, a medicine dropper and a bottle of Hyomei.

Breathe Hyomei through the inhaler for a few minutes four times a day and it will cure the worst case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation and effects a complete and lasting cure. In Wichita there are scores of well known people who say they have been cured of catarrh by Hyomei. If it does not cure you, your druggist will return the money you paid for Hyomei. This is the strongest evidence that can be offered as to its faith in the remedy.

There's a Dash

About our Young Men's Clothing that you seldom see in any other.

The snap, dash and go of our \$10 Young Men's Suits is certain to satisfy his particular desires—particularly satisfying is the splendid fit and excellent fabric.

We have them in either single or double-breasted suits, the three-button being most desirable for those of slender build.

Coats are cut in military style with square shoulder effect; trousers shaped just as the merchant tailor shapes them.

If you're hard to fit come in and try one on.

Herman & Hess
Are the Best

THE HUB

CHARLES YOUNGHEIM, Proprietor,
114 North Main Street, Wichita, Kansas.

Letter to a Friend Explains Itself

Wichita, Kas., Oct. 20, 1903.

Mr. Wm. ———, Hutchinson, Kas.:

Dear Friend: Your letter of the 18th inst. received. In reply would say I went to the Hub Clothing House as you requested. You ask if they have a good assortment of Overcoats. Well, I was surprised myself to find such an immense stock of fashionable garments. The Hub has the reputation of carrying the very best in the county, or in fact anywhere around here, but I was not prepared to see such a big stock of swell stuff as I found. Yes, you can come here and buy one enough cheaper to pay your railroad fare, and then you get style that no one in Hutchinson can give. Their line of Young Men's Suits is also very elegant and I advise you to come down prepared to buy whatever you need for winter and, say, old man, I'll give you a barrel of my best cider for the Premium Tickets they give, if you don't want them yourself. Let me know when you come down and don't forget to come to my house for dinner. Yours, as ever,

GEO. B. ———

The writer's name of the above is withheld for obvious reasons.

BY THE DARK OF THE MOON

You will sooner or later smash your wheel and injure yourself. The preventative:

A GOOD SOLAR GAS LAMP

It will show the road 200 feet ahead and make riding a profit and pleasure. A lamp is not required by law, but it is by common prudence. Remember that this is the time to have your wheel cleaned thoroughly for winter riding.

OFFICERS VISIT MASONIC HOME.

Find Improvements Made and a Few to Be Completed.

Grand Master Victor G. Brown of Topeka, President D. B. Fuller of Bureau and Vice President Thomas G. Pitch of this city, all of the Masonic order, Sunday visited the Masonic Home on the West Side. A great deal of work in improvements has been done this summer and not all is yet finished. The officials found everything in as good condition as they could wish.

Painters have been busy the last four weeks, painting the wood and framework on the exterior of the Home. This will not only aid in warding off the elements, but will add to the appearance of the building.

The matron and superintendent have taken care of the interior in excellent manner. During the summer months the windows of the land at the home have been taken care of and secured for winter use. Another accomplishment of the summer's work is the binding of one hundred volumes of magazines and the placing of them in the Home library.

John Johnson returned to his home in Cincinnati, Ohio, after a short visit with his friends.
